Black Hills Eats
is featured on page 4 of the Western Trader!

**Thanks for saying you saw
it in the Western Trader!**

**What is the risk of contamination
from radiation at site and when
shipping uranium?**

The nuclear energy industry is extremely regulated with safety and health regulations in place (including worker safety, air quality, radiation, water quality, spill management and more) that applies to on-site facilities but also extend to transportation of the natural uranium product (yellowcake).

PRINT IS NOT DEAD.

Our brains remember print. Why? Because print commands our attention in a way that digital ads do not.

They are also more credible with a large number of people (71 percent) trusting print ads over television or online ads.

Newspapers are also far from dead with nearly 70 percent of Americans still reading them — 50 percent of those readers consume them in print only. You gotta be in the paper!

This message is sponsored by Southern Hills Publishing, Inc. and this newspaper.
